

# Custom Vinyl Windows & Patio Doors

**HIGH QUALITY PRODUCTS, CRAFTSMAN QUALITY INSTALLATION**

*Choose between affordable models and top-of-the-line efficiency models.*

# Washington Energy Services

## MADE TO ENDURE

Washington Energy Services uses only top quality products manufactured by companies that have the same high performance expectations as we do.

The Lindsay Window Company was founded by industry experts who understand what it takes to build a performance window for the northwest home.

## CUSTOM FEATURES

Our Home Project Advisors are ready to tailor choices to your lifestyle and budget. Our expert installers have the experience and talent to make sure the work is done right and customized to your home's needs.

## Energy Efficient

Washington Energy Services produces windows that easily meet today's rigid energy standards including recent .24 and .28 U-value requirements.

**Backed by Washington Energy's  
Craftsmanship Warranty**

## SATISFACTION GUARANTEE

Since 1957 we have made homes all over Puget Sound more efficient and comfortable. Our employees are craftsmen with a contagious enthusiasm for rolling up their sleeves and exceeding expectations.

\* See contract for details

## SKILLED INSTALL

We won't take any short cuts when installing your new windows, so you have full confidence that they will last.

 **800-398-HOME**

# Vinyl Windows

## **MAX VIEW** | *Premier Home*

Max View vinyl replacement windows boast the highest energy efficiency of all our vinyl offerings. The high performance glass will keep your home comfortable year-round with optional triple pane efficiency for the price of double pane. Max view has an extensive selection of shapes, styles, sizes, and color options to design the home of your dreams.

### **OPTIMIZED VIEWING**

- ▶ A more modern, thinner-framed design
- ▶ Highest efficiency options
- ▶ Full style options

## **CLASSIC VIEW** | *Efficient Home*

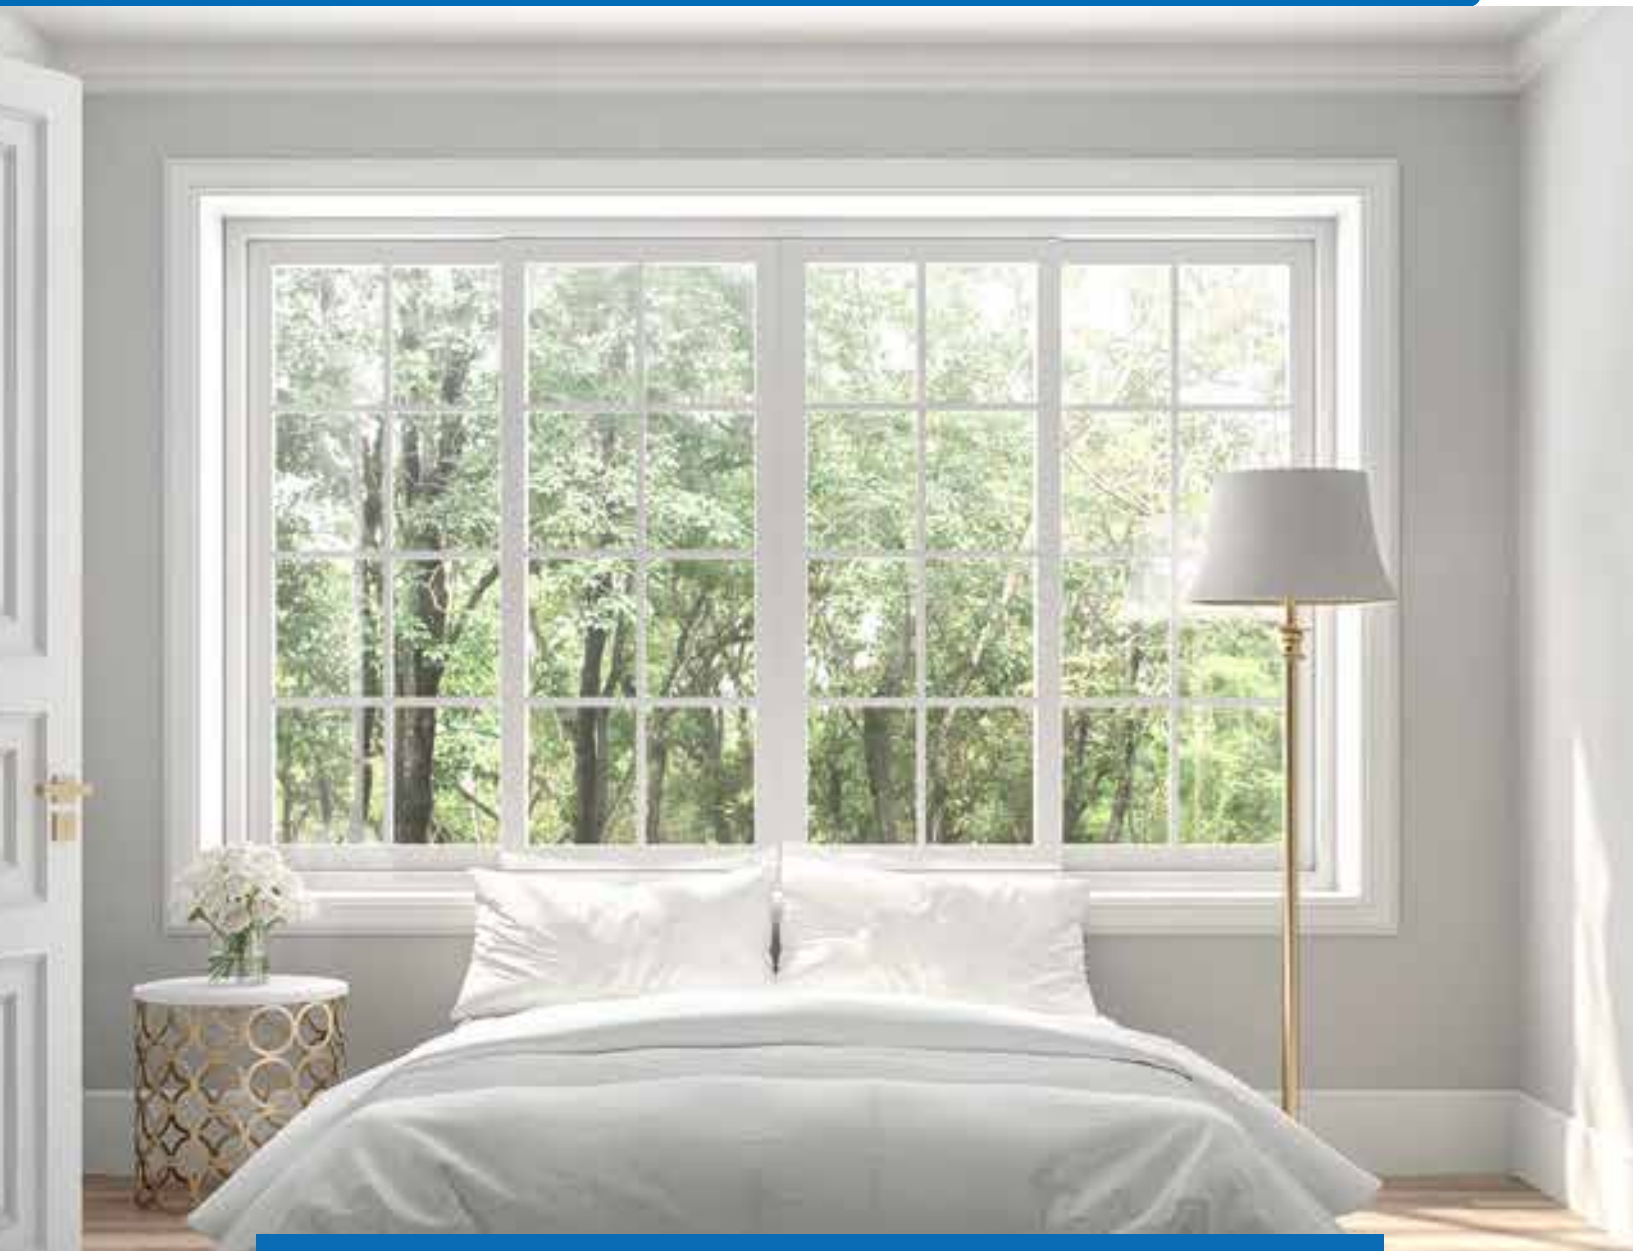

Our Classic View series appeals to your craftsman style home with enhanced frame options which look like wood, but with an economical vinyl frame design. It offers the same high-energy efficiency insulated window features as our Max View but with a more traditional style.

### **THICKER-FRAMED DESIGN**

- ▶ A more traditional, thicker-framed design
- ▶ Highest efficiency options
- ▶ Full style options

# Vinyl Windows & Patio Doors

## PRIME VIEW SERIES | *Value Home*

Builder Series replacement windows are our most budget-friendly series, while still offering excellent energy efficiency and a selection of design options. This series is excellent for a simple home upgrade that gets the job done without compromising quality.

### ECONOMICAL & EFFICIENT

- ▶ Budget-friendly
- ▶ Standard efficiency options
- ▶ Limited style options

## NEAT® GLASS® ► OPTIONAL

Washington Energy is pleased to offer NEAT® glass as an option. Neat's hydrophilic sheeting process keeps your windows cleaner longer.

## INDIUM® ► OPTIONAL

Upgrade your Windows and make them even more energy efficient by adding Indium coated glass from Cardinal® IG.

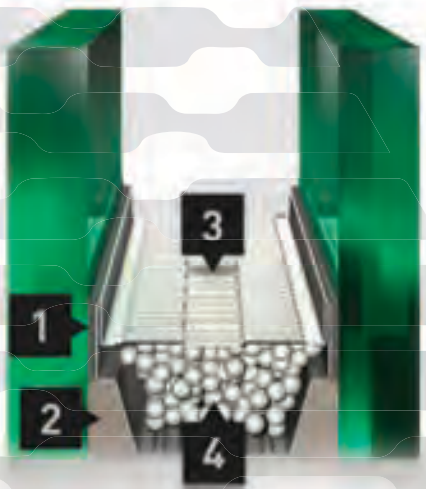

## PRESERVE® ► STANDARD

Many windows show up to the home covered with finger prints, dirt, and scratches. When you buy new windows, you expect them to be in pristine condition.

Preserve® Protective Film is placed on the interior and exterior of the Insulating Glass unit immediately after the glass unit is made to make sure that your new windows are delivered to you with care, clean and clear.

## ENDUR - IG® - STANDARD

### ▶ LOWEST SEAL-FAILURE ON THE MARKET

- 1** Primary Seal: Polyisobutylene (PIB) minimizes moisture permeation, is UV resistant and provides an outstanding argon barrier.
- 2** Secondary Seal: Specially formulated silicone for IG units provides long-term adhesion, is unaffected by UV exposure and provides excellent durability when exposed to moisture. Silicone also provides structural integrity.
- 3** Spacer: Stainless steel spacer features a roll form design to provide maximum area for primary and secondary sealant coverage. It provides increased resistance to condensation and less stress on IG seal system. No polymer content eliminates the risk of chemical fogging.
- 4** Desiccants: Beaded molecular sieve provides initial frost points below -65°F. Desiccant assures optimum moisture adsorption while minimizing the effects of temperature-related pressure changes.

## DESIGN OPTIONS

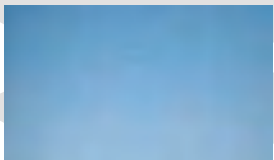

Turn your home into something extraordinary with our distinctive window and door grids. From colonial to modern, we can match your architectural style.

Windows are available with a variety of styles and colors. Ask your home project advisor for a complete list of offerings

## LO<sup>3</sup>-366® TECHNOLOGY

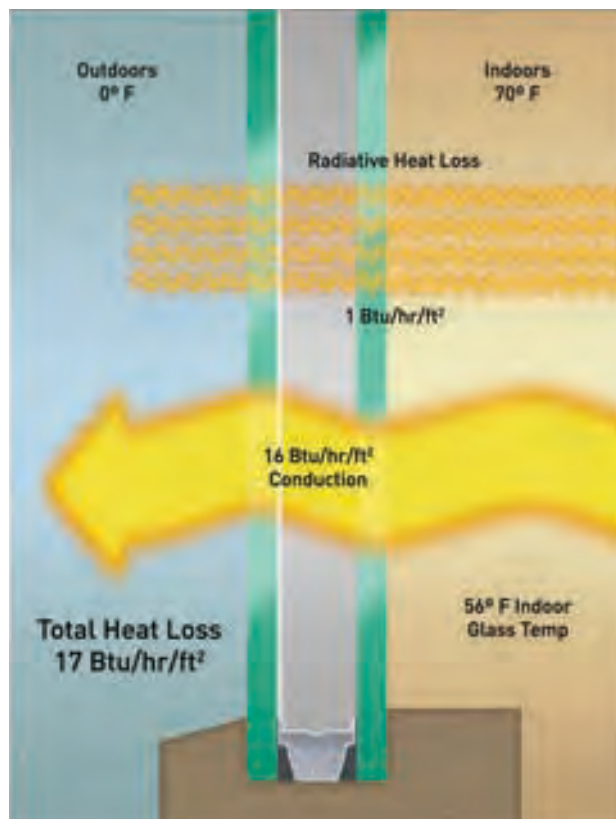

For years, Cardinal Lo<sup>3</sup>-270® has been setting the standard for energy-efficient glass. Cardinal's® patented, state-of-the-art sputter coating processes are unmatched by any other glass manufacturer.

Now they have raised the bar. Lo<sup>3</sup>-366® adds a third layer of silver coating. Result: a clear coating that blocks even more solar gain, reflects heat and lets the light stream in.

With a minimum of exterior reflectance, and no heavy bronze or smoke colored tints to darken your home. Lo<sup>3</sup>-366® actually outperforms the tinted glass often used in warm climates.

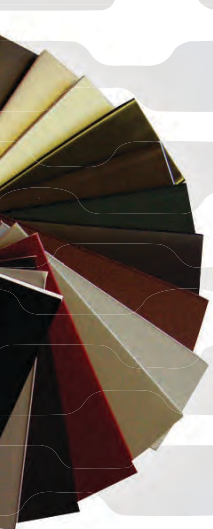

### ► LO<sup>3</sup>-366® with ARGON—WINTER

### ► LO<sup>3</sup>-366® with ARGON—SUMMER

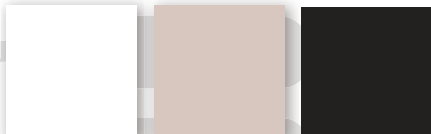

## EXTERIOR COLORS

Washington Energy Windows come in four standard exterior colors, including white, sandstone, black & bronze. In addition, we offer numerous custom color options.

*\*Please review actual color samples prior to selection.*

## INTERIOR COLORS

Our windows are available in two popular interior colors: white, sandstone, & black.

## HARDWARE

Our casement and awning windows include nesting hardware that folds into the housing, keeping the hardware out of the way.

This hardware is available in white, sandstone, oil-rubbed bronze or nickel.

Patio Door  
Multi-Point  
Lock

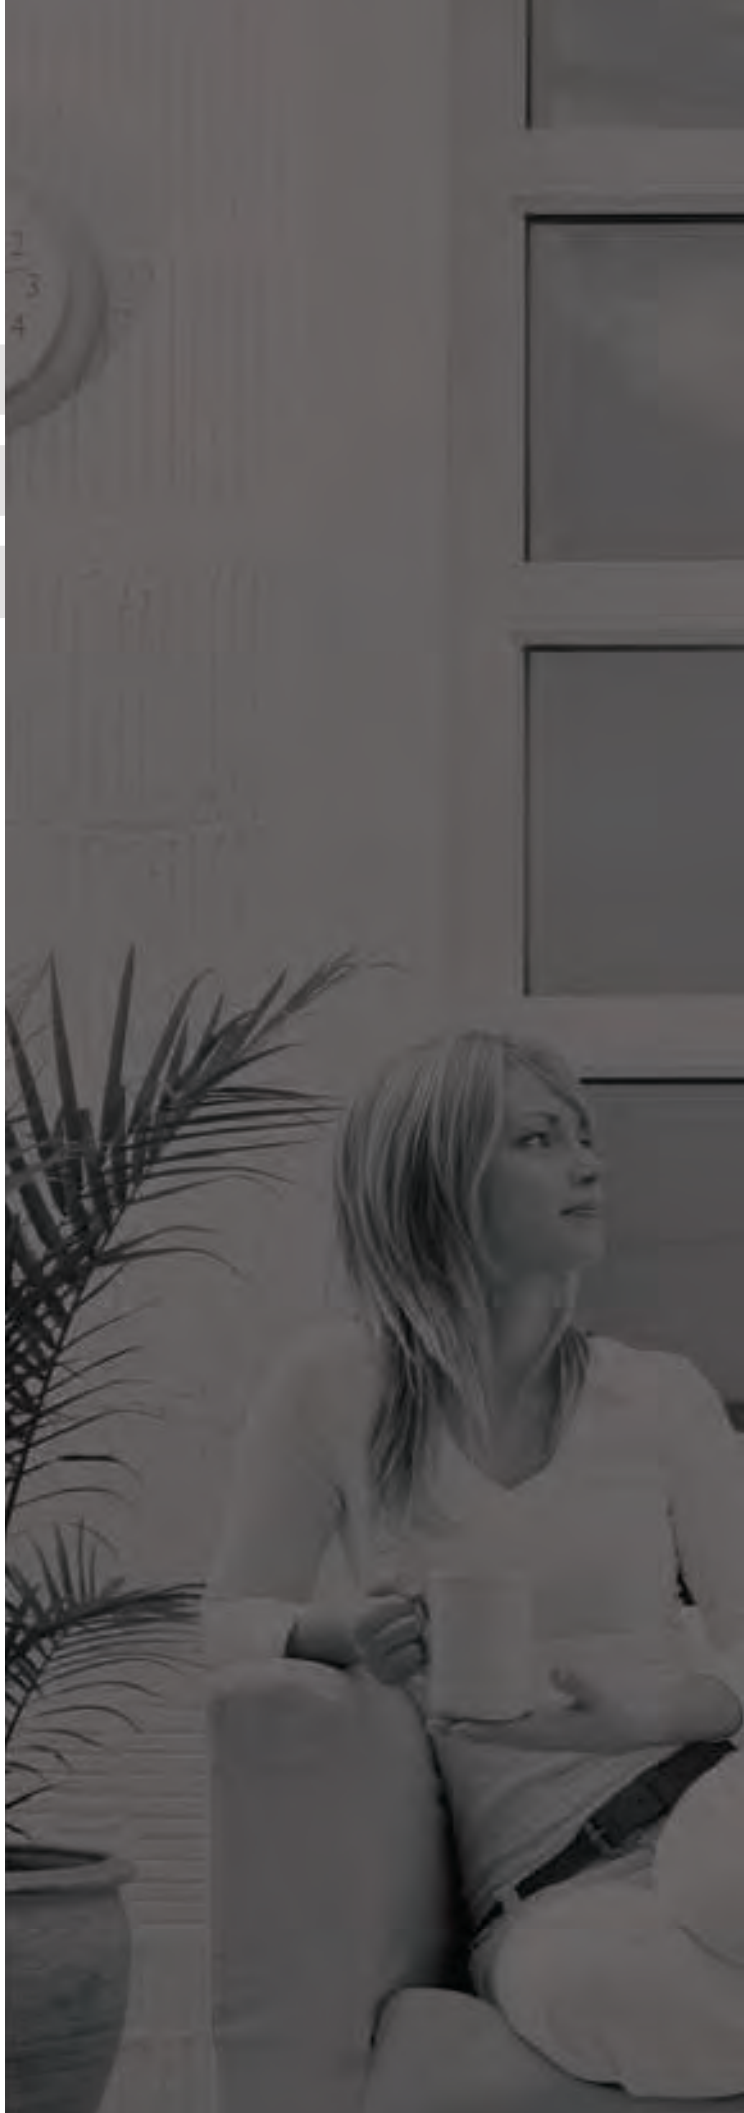

Sliding and hung windows include standard camlocks in white or sandstone. Ready for a contemporary alternative? Try our sleek auto-lock available in white & sandstone.
