

Furnaces & Fan Coils

HIGH QUALITY PRODUCTS, CRAFTSMAN QUALITY INSTALLATION

Choose between affordable models and top-of-the-line efficiency models.

High Efficiency Models

987 Evolution™ Furnace

10/10 – ENERGY EFFICIENCY

- ▶ AFUE up to 98.3% efficiency
- ▶ Gas Valve: Modulating for maximum efficiency and comfort
- ▶ Capacity: 60k - 120k BTUH

10/10 – FEATURES

- ▶ Perfect Humidity™ technology
- ▶ SmartEvap™ technology
- ▶ Ultra-quiet performance
- ▶ Dirty filter detection
- ▶ Maintenance reminders
- ▶ External filter cabinet for easy filter changes
- ▶ Pilot-free PerfectLight™ ignition

986 Evolution™ Furnace

9.5/10 – ENERGY EFFICIENCY

- ▶ AFUE up to 96.7% efficiency
- ▶ Gas Valve: Two-stage for efficiency and comfort
- ▶ Capacity: 40k - 120k BTUH

10/10 – FEATURES

- ▶ Perfect Humidity™ technology
- ▶ SmartEvap™ technology
- ▶ Ultra-quiet performance
- ▶ Dirty filter detection
- ▶ Maintenance reminders
- ▶ External filter cabinet for easy filter changes
- ▶ Pilot-free PerfectLight™ ignition

926 Preferred™ Furnace

9/10 – ENERGY EFFICIENCY

- ▶ AFUE up to 96.5% efficiency
- ▶ Gas Valve: Two-stage for efficiency and comfort
- ▶ Capacity: 40k - 120k BTUH

6.5/10 – FEATURES

- ▶ Quiet performance & even temperature
- ▶ SmartEvap™ technology
- ▶ Insulated cabinet
- ▶ Pilot-free PerfectLight™ ignition

915 Legacy™ Furnace

8/10 – ENERGY EFFICIENCY

- ▶ AFUE up to 96.5% efficiency
- ▶ Gas Valve: Single-stage
- ▶ Capacity: 26k - 135k BTUH

5/10 – FEATURES

- ▶ Filter cabinet allows for easier filter changes
- ▶ Insulated cabinet for quieter operation
- ▶ Pilot-free PerfectLight™ ignition

COMBINATION REBATES

EXCLUSIVE REBATES ONLY OFFERED THROUGH WASHINGTON ENERGY

Get additional savings when you pair one of these items with a furnace! Ask your home project advisor for details.

+ Add Water Heater

+ Add Fireplace Insert

+ Add Heat Pump or A/C

+ Add Generator

Standard Efficiency Models

880 Evolution™ Furnace

6/10 – ENERGY EFFICIENCY

- ▶ AFUE up to 80% efficiency
- ▶ Gas Valve: Two-Stage for efficiency and comfort
- ▶ Capacity: 45k - 135k BTUH

10/10 – FEATURES

- ▶ Perfect Humidity™ technology
- ▶ SmartEvap™ technology
- ▶ Ultra-quiet performance
- ▶ Dirty filter detection
- ▶ Maintenance reminders
- ▶ Pilot-free PerfectLight™ ignition

820 Preferred™ Furnace

6/10 – ENERGY EFFICIENCY

- ▶ AFUE up to 80% efficiency
- ▶ Gas Valve: Single-stage
- ▶ Capacity: 30k - 110k BTUH

6.5/10 – FEATURES

- ▶ Quiet performance and even temperature
- ▶ Filter cabinet allows for easier filter changes
- ▶ Pilot-free PerfectLight™ ignition

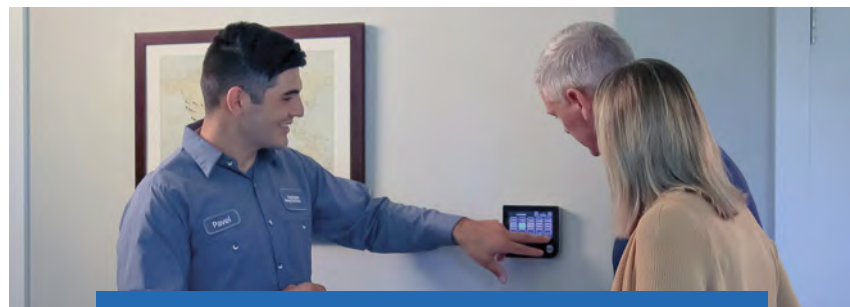

800 Legacy™ Furnace

6/10 – ENERGY EFFICIENCY

- ▶ AFUE up to 80% efficiency
- ▶ Gas Valve: Single-stage
- ▶ Capacity: 43k - 155k BTUH

5/10 – FEATURES

- ▶ Filter cabinet allows for easier filter changes
- ▶ Pilot-free PerfectLight™ ignition

Fan Coils

FE4 Evolution™ Fan Coil

10/10 – ENERGY EFFICIENCY

- ▶ Variable speed blower fan for higher energy efficiency
- ▶ Heating savings up to 10% & cooling savings up to 16%
- ▶ Cooling capacity 18k-60k BTUH

10/10 – FEATURES

- ▶ Advanced user interface
- ▶ Evolution™ control board
- ▶ Smart diagnostics
- ▶ Enhanced indoor air quality and improved humidity control
- ▶ Washable filter

FV4 Preferred™ Fan Coil

8/10 – ENERGY EFFICIENCY

- ▶ Variable speed blower fan for higher energy efficiency
- ▶ Heating savings up to 10% & cooling savings up to 16%
- ▶ Cooling capacity 18k-60k BTUH

6.5/10 – FEATURES

- ▶ Standard Thermostat
- ▶ Enhanced indoor air quality
- ▶ Improved humidity control
- ▶ Washable filter

FB4 Legacy™ Fan Coil

6/10 – ENERGY EFFICIENCY

- ▶ Five-speed blower fan for energy efficiency
- ▶ Cooling capacity 18k-60k BTUH

5/10 – FEATURES

- ▶ Standard Thermostat
- ▶ Enhanced indoor air quality
- ▶ Washable filter

Benefits of an Evolution™ System

Control and Smart Sensor sold separately

▶ MAXIMIZE WINTER ENERGY BILL SAVINGS

Up to 98.3% Annual Fuel Utilization Efficiency (AFUE). AFUE is a measure of how efficient your furnace is at converting the energy in fuel to heat.

▶ MAINTAIN CONSISTENT COMFORT

System automatically adjusts to conditions, reducing temperature and humidity fluctuations.

▶ EASY TO USE CONTROL

Manage your entire home's comfort with full-color touch screen, mobile app¹ or voice commands.²

▶ CUSTOMIZABLE

Tailor your system to your lifestyle with occupancy sensing, zoning and remote-access technology.

▶ MONITOR SYSTEM HEALTH

Receive reminders for filter changes and tune-ups. Your system can also automatically alert your dealer if it needs service.

▶ REST EASY WITH A LONG WARRANTY

10 year parts and lifetime heat exchanger limited warranty with Bryant. Ask your Home Project advisor for details.

Features

▶ PERFECT HUMIDITY™ TECHNOLOGY

Helps ensure great summertime dehumidification when system components include multi and variable-speed cooling products.

▶ FAN ON PLUS™ TECHNOLOGY

Helps improve comfort all year long by allowing you to select different fan speeds during continuous fan operation.

▶ HYBRID HEAT® DUAL-FUEL SYSTEM

A dual-fuel solution that combines an electric heat pump with a gas furnace. This allows the system to choose the most efficient fuel source while delivering year-round comfort and efficiency.

▶ PERFECT HEAT® TECHNOLOGY

Continually monitors and adjusts performance for multi-stage furnaces using current and past conditions.

Bryant Evolution™
system's exclusive
advancements

▶ SMARTEVAP™ TECHNOLOGY

Helps prevent unwanted humidity from re-entering your home when paired with a compatible thermostat.

ENERGY MANAGEMENT

Modulating Operation (987M)
Our highest efficiency models make subtle 1% adjustments up and down as conditions change to deliver comfort with much higher precision than standard or two-stage models.

Two-Stage Operation (986T)
Automatically chooses between low and high settings to maintain more consistent temperature and efficient operation.

Two-Stage Operation (926T)
Automatically chooses between low and high settings to maintain more consistent temperature and efficient operation.

Single-Stage Operation (926S)
Helps keep operating costs low all season long.

Single-Stage Operation (912S and 915S)
Helps keep operating costs low all season long.

HUMIDITY MANAGEMENT

Perfect Humidity® technology
This proprietary feature leverages multi-speed systems to enhance humidity removal.

SmartEvap™ technology
Reduces indoor humidity by reducing the amount of condensate reintroduced into the air after dehumidification cycles.

SmartEvap™ technology
Reduces indoor humidity by reducing the amount of condensate reintroduced into the air after dehumidification cycles.

Basic Humidity Management
Provides basic humidity removal during cooling operation.

COMFORT MANAGEMENT

Evolution™ Connex™ Control
Our most advanced Wi-Fi-enabled control, it can maximize efficiency by communicating with components of a complete Evolution system.

Communicating Variable-Speed Blower
Communicates with the system to automatically adjust airflow, maintaining outstanding comfort through consistent temperatures and advanced humidity management.

ecobee Thermostat, Powered by Bryant
Wi-Fi-enabled smart thermostat learns your schedule for greater efficiency and comfort.

Variable-Speed Blower
Increased speed options allow for optimized airflow at installation and improved humidity control for excellent comfort.

ecobee Thermostat, Powered by Bryant
Wi-Fi-enabled smart thermostat learns your schedule for greater efficiency and comfort.

Fixed-Speed Blower
Traditional, reliable performance.

AIRFLOW MANAGEMENT

Fan On Plus™ technology
Enjoy enhanced ventilation control with the ability to change fan speeds from a compatible thermostat.

Fan On Plus™ technology
Enjoy enhanced ventilation control with the ability to change fan speeds from a compatible thermostat.

Add to your system

EVOLUTION CONNEX™ CONTROL

Capable of managing a complete home comfort system including humidity, ventilation and zoning.

EVOLUTION™ AIR CONDITIONER

High-efficiency cooling power delivering whole-home comfort and energy savings.

EVAPORATOR COIL

Matches to the proper outdoor unit to provide top cooling efficiency and years of reliable service.

SECUREAIR™ AIR PURIFIER

Proven to effectively reduce airborne contamination levels including particles, TVOC's, smoke, odors, CO, CO2 and dissolved gases.

Our Community, Our Promise

Homeowners throughout the Puget Sound area have come to know us for providing best-in-class service, transparent pricing, and exceptional communication. Our awards, certifications, and strong partnerships with the utility companies, like Puget Sound Energy, have given the Northwest community peace of mind when choosing a reliable home advocate.

AWARD **Medal of Excellence Award** — Bryant ★★★★★ **Google**

AWARD **Super Service Award** — Angie's List ★★★★★ **Facebook**

"They are excellent, installed a new furnace and water heater a year ago and just completed an annual check, very professional."

— Chris L., ★★★★★ Guild Quality

"WES provided a thorough explanation of the maintenance process for the furnace. Completed their work quickly and professionally. I continue to be pleased with the service and products I've purchased through Washington Energy."

— Corey K., ★★★★★ Angie's List

"The Washington Energy Services technician was efficient, professional and personable. We are very satisfied with the work he performed on our furnace and later on our tankless water heater."

— Evelyn L., ★★★★★ Guild Quality

"WES installed and has been servicing my furnace. Great customer service and professional technicians. I have them come every year for maintenance. Highly recommend them."

— Simon F., ★★★★★ Facebook

"They were much cheaper than the rest, service techs were great and the installation went well. I am happy with my new heating system."

— James T., ★★★★★ Angie's List

"Had a new furnace installed. Took time to answer my questions and left the place clean as a whistle. I would recommend Washington Energy."

— Christopher M., ★★★★★ Facebook
